NEW CLUB CAR PROJECT HELP PROGRAM KICKS OFF

Recently, I received help painting my bus from friends, some are member’s of the Route 66 car club, some from other car clubs and a few regular citizens. Everyone did a great job, it’s a blessing to have someone to help out with a big job like painting a car.

This gave me an idea, what about club members helping club members. This would require help in itself. I asked Mac McCrorey and Randy Travis what they thought about the idea of helping a club member, they immediately liked this and plans were made to choose our first friend to help with his car.

At the end of our last club meeting word was getting out about helping club members when we can, and within minutes we were receiving donations for materials and volunteers wanting to help with labor and another member letting us use his garage to prep the car and he also want’s to help with labor. If you would like to help with the labor but do not know what to do, just sign up we will hold classes as we go, right Mac ? Didn’t have time to run this by Mac. It sure sounds like a good idea. We have some real talented people in our club and they want to help other member’s when they can.

The first project has been chosen and we are gearing up to give Lance McKee’s Cougar a sprucing up with fresh coat of paint.

Any donations of supplies, time or funds would be much appreciated to pay-it-forward to future projects. If you have a cash donation, contact LuAnn Hunt. If you want to help with time, supplies, equipment or whatever, give Mac, Randy, or Jim a call.

APRIL ACTION CAR SHOW

Moab , Utah

April 29-30, 2011

Finally ---another trip to one of our favorite car shows. We have missed it for three years as we like to support our friends down in Payson. Weather was great on Friday as we met Randy Travis – 50 Cadillac and Mike Whitaker - 65 Mustang. Jim & Joyce Merritt – 33 Ford, Jim & Alana Velez – 64 ½ Mustang and Jim Gore & Lu Ann Hunt & Robin Moore – 59 Volkswagen Van had left the day before for us.

I like this trip for the ride alone up through Monument Valley, etc. I know that the other group also stopped at the Trading Post in Monument Valley for lunch which is always great. We were all good and just enjoyed the ride up. We arrived mid after noon and checked in.

The Thursday group also participated in the early morning trip up the Colorado River to a local resort for lunch and wine put on by the car show. Enjoyed by all. This show also puts on a breakfast on Sunday Morning and a cruise up to one of the state parks. Another enjoyable aspect of this event is the street scene on Friday and Saturday nights. Cars cruise into the evening and crowds line up on the sidewalks to watch all the cars and antics they may try to get away with –similar to Central Avenue cruise night.

The car show was down in entrants from what I have seen in the past---- maybe 500 + cars and I know they have had in excess of 700 before. I could not get a straight answer on attendance--- lower entrants is becoming common place at most events these days.

A few die hard members got up and had their cars in line at 5:00am to get preferred spots. However, they did not open up until later. So they had a member hang onto the preferred spot—would you believe he had no car but he was the biggest (he slept on the bench—what a Cruise Director).

I enjoyed looking at the cars of which I was especially fond of:

Red Henry J with a blown big block Chevy
Old four lung tractor that was bigger than a semi truck
36 International 4WHD PU
70 Black Challenger that was made into a roadster
62 Impala & 56 Blown Chevy PU –Son & Father
56 Chevy Hardtop that was super clean

I also enjoyed all the Rat Rods that were present. I personally do not like Rat Rods but find that I spend more time looking at them than I do regular rides. I can only say that they are very innovative but twisted.

We all enjoyed our time in Moab and I look forward to the next time. We enjoyed the trip, the food, the town and the car show. We all headed out Sunday morning and arrived in Flagstaff with no problems.

If you want to do something different with regard to a car show and have the time, I strongly recommend the Moab Car Show.

MOTHER'S DAY CRUISE TO THE RED ROCK CAFÉ
Oak Creek, Arizona
May 15, 2011

Time for our annual Mother's Day Cruise. Robin Moore, our Cruise Director, put together another great day trip for our members. Weather was warm with just a little breeze—thank god summer is coming and our cars can come out of the garage.

Waiting at ADOT were:

Kelly & Kathy Perkins – 70 El Camino,
Mike & Marva Hernandez- 66 Pontiac,
Jim & Alana Velez – 64 ½ Mustang,
Steve & Sandy Hurt – 04 Vette,
Ken Mannila & Susan Miller 56 T-Bird,
Jim Gore & Lu Ann Hunt – Blown Big Block,fast, high,
Chevy Silverado,
Don & Diane Johnson – Burro kicked PT Cruiser (true story behind that),
Cody & Luz & Robert Penhaker – Plymouth Duster
(good to have Cody back for the summer),
Jerry & Sue Obrzut – Mercedes of unknown year,
Jerry McGlothlin & Donna Veiheffer – 66 Jaguar
(Donna landed at Flag Airport and Gerry picked her up
to meet up for the trip down),
Bob & Maggie Bortree – 55 Chevy (still running but wounded), and
David Johnston & Robin Moore in the 66 Mustang.

Another great showing of members and fun cars..

We all headed out and down thru the switchbacks to Sedona ---- everything greening up and beautiful for a perfect drive. Moving along nicely until we were almost at Sedona and the Jaguar coughed up a tire. Jim Gore stayed with Jerry and Jerry changed the tire in record time. The rest of us who had stopped proceeded down through Sedona and over to Oak Creek thru the 496 turnabouts that have been constructed. We were now faced with finding the Red Rock Café and the lead group with our Cruise Director had already gone ahead----do you see a problem coming. Yep, we were lost and left with having to ask for instructions ---shows you how lost we were. Even with instructions we were still lost --- finally we see Robin out on a street corner to rescue us. We wasted enough time to meet up with Gerry and the Jaguar in a turnabout.

The Café was all setup for us and we had a great time as you always do at these “get down and graze” events. The food was great and the establishment took great care of us. We thoroughly enjoyed our time at this café and would highly recommend it to anyone ---another Robin success story. We all kind of split up and took off our separate ways

ROBIN --THANKS AGAIN FOR ANOTHER GREAT RUN.

Peter Fuss sent the following to me and also wishes all his friends in the Route 66 Car Club a warm welcome and Holiday Greetings. For the newer members (and some who may not remember), Peter was a solid Route 66 Car Club member up until a few years ago when he had to return to Australia. He had been working several years here for Peabody. During that time he acquired a 1965 Sunbeam Tiger and a 1965 Mustang GT fastback which he shipped back to Australia.

Peter is doing very well and is now the Human Resources General Manager at Exact Mining Services in Adelaide. He tries to get out in his cars as much as he can and with his new job being in his home town, he can do it more often and do the improvements in his cars he has wanted to do. In his words: "Had some touch ups done to the Mustang. Fog lights and chrome replaced, grille repainted, scrapes and chips touched and front and rear head and tail lights surrounds painted, plus a cut and polish. Mustang is looking the best since I owned it and is running really well, finally got that Autolite carby sorted. Had my replacement bonnet (hood) painted and fitted to the Tiger as the scoop was cracking more and looked terrible. Have not had it out for a long drive yet to check if the lack of scoop has made engine heat better or worse. Went on a Zip-pel run on October 30 in the Mustang, it was from the same place when you were here a year ago."

The Zippel cruise report is attached. Peter's Mustang is on page 2. As you can see from the pics, those Aussies love American muscle, rods and classics! Peter did comment that even with that kind of car activity and support, it still

Another **FREEZING** Cruise Night, but hey we still had a good time! Despite the weather conditions, we didn't get wet, but the cold and occasional showers around Adelaide sure kept many of you away. We estimated around 100 cars attended the Extreme Horsepower Show at Wayville Showgrounds to begin the night. With so much cloud around this also made the drive to West Lakes quite dark—it seemed like Winter.

In 1988 we could not have imagined 100 cars attending a cruise! Now it takes very bad weather to drop to that number! How times have changed! Anyway, here are some of the cars that 'braved' the weather—enjoy!

can not come close to being in the Route 66 Car Club. Peter keeps his mates informed about our car club and activities which they appreciate. I am heading to Australia early next year for work but plan to slip down to Adelaide for a few days to see Peter and drive on the wrong side of the road. if anyone wants anything passed on to him besides a hand shake, let me know. So its hands across the ocean and Peter - good on ya' mate.

Thanks,

Seeking Contributions !!!!!!!!!!!!!!!

As you can see, we were a little short on photos from shows and club events this month.

PLEASE, anytime you attend a show or go to an interesting automotive museum, take a few pics and write a little paragraph about where you were and what your impression was. Other club members would love to hear what you were up to (and you don't have to win, place, or show to share with others.)

Email pics or other info to RT66NEWS@6T6KIX.COM

Publication deadline is the 2nd Thursday after the monthly General Membership Meeting.

Since I didn't get any pictures this month, I thought you would enjoy one of our cats. Just so you are aware: I have tons of them and I know how to use them.....

You have been warned!
